BURG-WÄCHTER

MORE THAN A SAFE!

Security doesn't always have to be mousy grey. Whether it's at a company or at home: with our individually painted models in your favourite colour, your safe becomes a real eye-catcher and blends perfectly into your personal setting. Choose from the BURG-WÄCHTER Diplomat, Office and Royal top models and add your personal touch with the colour, size and interior. After all, you usually keep a safe for many years. So your valuables, documents and personal memories are always well protected.

BURG-WÄCHTER – tradition since 1920

WHAT DRIVES US IS YOUR SECURITY

FROM THE BODY TO THE LOCK:
YOUR SAFE, PRODUCED FROM ONE SINGLE SOURCE

BURG-WÄCHTER has stood for security for more than 100 years. The company's long history began in 1920 selling padlocks. Since its foundation, BURG-WÄCHTER has been a family-owned company, now run by the fourth generation. This ensures the continuous transfer of experience and expertise.

BURG-WÄCHTER has been developing and producing safes for half a century. The special feature: the whole safe, from the body to the bolt and locking system, comes from one single source at BURG-WÄCHTER. This results in perfectly matched components for maximum security that meets all individual requirements.

BURG-WÄCHTER continuously sets new standards with its products. For example, with the safe electronics for opening by fingerprint or with a numerical code. This certified, biometric opening is not currently offered by any other manufacturer. Your advantage: an absolutely secure opening method. As every fingerprint is unique and therefore the best means for verification. You will never have to search for or lose a key or forget a code again.

What does a one-of-a-kind look like? At BURG-WÄCHTER, you have the choice between different safe series, sizes, opening methods and colours. All safes combine high quality and innovative technology.

HIGH-QUALITY.
PERSONALISED.
EXCLUSIVE.
SECURE.

ONE-OF-
A-KIND.

AWARD-WINNING.
INNOVATIVE.
CONVENIENT.
MODERN.
STRONG.
UNIQUE.
ELEGANT.
STYLISH.
RELIABLE.
SUSTAINABLE.

Whether it's bright or classic: the choice is yours!

TRUE COLOURS

THERE IS NO ACCOUNTING FOR TASTE. THIS IS CONFIRMED AGAIN AND AGAIN BY PERSONAL FAVOURITE COLOURS. BURG-WÄCHTER PAINTS YOUR SAFE IN YOUR PREFERRED COLOUR AND IN TWO DIFFERENT TEXTURES.

Be it bright red or elegant anthracite: when it comes to colours, everyone has their personal favourites. At BURG-WÄCHTER, the choice is yours and you can simply pick your favourite colour. You choose from all the RAL shades. This personal touch has become increasingly popular in recent years. After all, a high-quality safe is the secure place for valuables, important documents and memories for a long time, in fact usually for decades. Of course, you want to use a safe in your preferred design.

By the way, you not only choose the shade but also the type of paintwork. The brilliant paintwork shines in high gloss, while the textured paintwork creates an exceptional look through a harmonious interplay between light and shade. Whichever you choose: the paint is extremely durable and easy to clean. So you can enjoy your personally designed safe for many years to come. The safe is of course painted outside and inside.

Textured paint in all RAL colours: the interplay between light and shade creates an exceptional look

Brilliant paintwork in all RAL colours: high-gloss look thanks to extremely smooth surface

The Diplomat safes in four sizes blend harmoniously into the individual setting.

BURG-WÄCHTER elevates the interior to a new level

ELEGANT WOOD & MODERN LIGHT: CONVINCING INNER QUALITIES

THE EXCLUSIVE INTERIOR
ENHANCES YOUR SAFE FROM THE DIPLOMAT SERIES.

This interior is pretty impressive! BURG-WÄCHTER offers an exclusive interior for the Diplomat series safe. Made in a high-quality, distinctive oak look and with automatic LED interior lighting. Depending on its size, the safe has one to three smooth-running drawers. This allows you to sort jewellery, watches, other valuables and important papers (file depth) easily and tidily.

Your requirements. Our matching safe for you!

READY FOR USE ANY- WHERE

BE IT AT A COMPANY OR FOR DISCERNING PRIVATE USERS.
A TOP SAFE FROM BURG-WÄCHTER IS THE RIGHT CHOICE FOR
EVERY AREA OF USE.

Sensitive company information, annual reports, fleet keys, photography and video equipment: every company quickly accumulates things that must be well secured at all times. The same applies to at home: every household has valuables, documents and special memories. The secure place for storage is a high-quality safe. So in the worst case scenario, burglars don't stand a chance.

A safe suitable for installation in business and office spaces: at BURG-WÄCHTER, you select the right model for you and configure the safe to your personal requirements.

BURG-WÄCHTER – safes for offices and businesses

ON THE SAFE SIDE. IN STYLE OF COURSE.

STRONG PROTECTION, STRONG LOOK.
FOR MAXIMUM SECURITY IN THE OFFICE.

We want to feel comfortable at our business premises or in our office. After all, we spend a lot of time in our working environment. That's why it should be comfortable and not just functional. A high-quality safe to suit your personal requirements blends harmoniously into the respective working environment.

You select the right size, the colour you want, an optional interior and of course the preferred locking system. As a result, important business documents and valuables are always well secured. Not only in the event of a burglary. The Diplomat and Office-Doku series safes offer certified fire protection of 60 minutes at the same time. Thus important documents do not go up in smoke in case of a fire.

If you choose a safe with an electronic lock for opening by fingerprint, you never have to pass on a key again, which can of course also get lost. By the way, with the electronic lock you know who opened the safe at what time thanks to personalised codes or fingerprints. Another advantage in terms of security.

BURG-WÄCHTER – freestanding home safes

COMPACT HEAVY- WEIGHTS

SMALL. STRONG. BLACK. OR IN THE COLOUR OF YOUR CHOICE. A FREESTANDING HOME SAFE TO INSTALL IN A CABINET OR DESK.

Built in a cabinet, shelf or desk, freestanding home safes are easy to access. Whether it's for securing valuable watches, jewellery or important documents. The size of the safe is not the decisive criterion in terms of security though. Freestanding home safes, which look small and handy at first glance, can quickly weigh 100 kilogrammes or more. Resulting in an extremely high protection against cutting and drilling.

Of course, you can also customise the compact safe models to suit your living environment in the bedroom or office. Turning a "security product" into a "piece of furniture" that you are happy to use and increase your security as a result.

BURG-WÄCHTER – freestanding home safes

SPACE FOR ANYTHING OF VALUE

SOLID. SECURE. ELEGANT. A FREESTANDING SAFE BLENDS HARMONIOUSLY INTO YOUR INTERIOR DESIGN.

A freestanding safe is the right choice for anyone who needs a bit more space. At the same time, it is very convenient to use and is almost impossible to pick up thanks to its heavy weight.

A freestanding safe looks like an additional piece of furniture in spacious rooms. Whether you choose a simple or a distinctive colour is a matter of taste and depends on your personal living space.

BURG-WÄCHTER – summary of customisable safes

STYLISH! YOUR CHOICE!

Optional paintwork in your favourite colour.

You usually only buy a BURG-WÄCHTER safe once in a lifetime. As the models are not only extremely robust, but the high-quality materials and precise workmanship also ensure a long service life.

To ensure that you can enjoy your safe for many years to come, BURG-WÄCHTER can individually configure your favourite model from the Diplomat, Office and Royal series – from the size to the colour as well as the locking system and interior.

Important: The higher a safe's resistance grade, the higher the possible sum insured. Agree the terms and conditions with your insurer prior to purchase.
